Dear Mr. Visan,

I write on behalf of all Core Regulatory Authorities regarding the Proposal for the 1st amendment of Core CCR TSOs' methodology for splitting long-term cross-zonal capacity in accordance with Article 16 of the Commission Regulation (EU) 2016/1719 of 26 September 2016 establishing a guideline on forward capacity allocation, dated 27th September 2022 (hereafter referred to as "the LTSR Amendment Proposal").

The attached document elaborates an agreement of all Core Regulatory Authorities, agreed by the Core Energy Regulators' Regional Forum (CERRF) on 3 April 2023, on the LTSR Amendment Proposal.

This agreement of all Core Regulatory Authorities shall provide evidence that a decision on the LTSR Amendment Proposal does not, at this stage, need to be adopted by ACER pursuant to Article 4(10) of Regulation 2016/1719. This agreement is intended to constitute the basis on which all Core Regulatory Authorities will each subsequently adopt a decision on the LTSR Amendment Proposal, dated 27th September 2022.

Please find enclosed the position paper of all Core Regulatory Authorities in which further details are provided.

Yours sincerely,

Sven Kaiser

Chair of the Core Energy Regulators' Regional Forum
