CEGH REMIT platform

No hurdles for trading due to REMIT insider information publication requirement

- CEGH will develop an internet-based REMIT insider information publication platform for Central and Eastern Europe, a project endorsed by E-Control
- The platform should be ready by summer 2012
- Market consultation before summer, i.a. with EFET
- CEGH REMIT platform will be free of charge for the time being
- All 141 CEGH OTC and CEGH Gas Exchange Markets customers will have immediate access to publish insider information
- Other market participants e.g. traders, TSOs and SSOs will have to register
- Non-registered users will also see / receive published information
- Simple way to fulfill REMIT requirement to effectively publish insider information

**Thank you very much
for your attention**
