

**E-Control GmbH Order amending E-Control GmbH Order on the assignment, compilation and adjustment of standardised load profiles (Load Profile Order 2006)
(Load Profile (Amendment) Order 2008)**

E-Control GmbH, in exercise of the powers conferred in section 28 of the Federal Act Providing New Rules for the Natural Gas Sector (Natural Gas Act), Federal Law Gazette (FLG) I no 121/2000 as amended by FLG I no 37/2007, hereby orders:

The E-Control Order on the assignment, compilation and adjustment of standardised load profiles, published in no 245 of the official gazette supplement to the Wiener Zeitung of 20 December 2006 shall be amended as follows:

1. In section 3 item 2, the value “1,107,000 kWh” shall be replaced by the value “400,000 kWh”.

2. Section 3 subsection 3 shall now read:

“(3) The distribution undertaking shall install a load profile meter at metering points that do not fulfil the criteria stated in subsection 2. Network users at whose metering point a load profile meter had to be installed can request the removal of the load profile meter only after two continuous years of compliance with the criteria stated in subsection 2. At metering points where a load profile meter has been installed in spite of compliance with the criteria stated in subsection 2, a different type of meter may be installed after a settlement period of 365 (or 366) days.

3. Section 7 shall be renumbered to section 7 subsection 1. After section 7 subsection 1, the following subsection 2 shall be inserted:

“(2) Section 3 subsections 2 and 3 Load Profile (Amendment) Order 2008 shall enter into force on 1 February 2008. Load metering at metering points that comply with the criteria in section 3 subsection 2 Load Profile (Amendment) Order 2008 shall commence on 1 January 2011 at the latest.”
