

(Post)Graduate Thesis Sponsorship

Deadline for research proposal: 15/4/2011

Economics // Engineering // Law

E-CONTROL

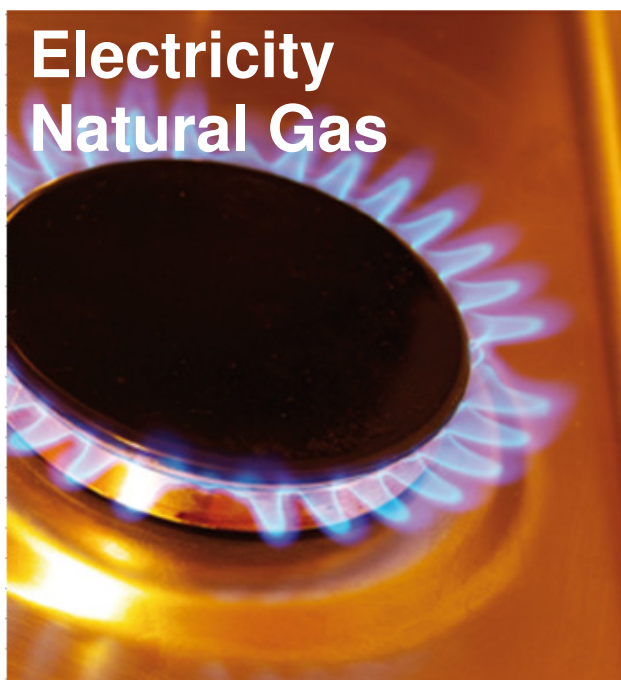

The Austrian energy regulatory authority is looking to sponsor scientific research in the areas of economics, engineering or law. On the occasion of the electricity and natural gas liberalisation completing one decade, E-Control would like to promote scientific work of young researchers, such as **diploma, master or doctoral theses** by:

- (i) Reimbursing actual research expenses of up to € **2,000** per research paper (application deadline: 15 April 2011)
- (ii) Awarding the best completed research papers a total prize money of € **10,000** (submission deadline for diploma or master theses: 1 December 2011; for doctoral theses: 1 April 2013)

Papers should concentrate on central aspects of liberalisation and deregulation in electricity and natural gas markets in law, economics and engineering. For details on the requirements and on sponsorship deadlines, please visit
