E-Control consultation draft on Gas Market Model Ordinance 2016

EFET comments – 28 June 2016

The EFET¹ Task Force Central and South Eastern Europe welcomes the opportunity to consult on the Gas Market Model Ordinance (GMMO-VO Novelle 2016) as well as on Chapters 2 and 3 of the Gas Market Code.

As Europe's largest energy industry representation we are constantly striving to increase the impact of our member's interests in the European energy landscape. To ensure this we would kindly ask for all future public consultation documents to be made available timely and in the English language.

We support E-Control's proposal to use AS/2 and KISS-A as a valid format until 31st of January 2018.

We thank you for your kind attention and remain available for further comments.

¹ The European Federation of Energy Traders (EFET) promotes and facilitates European energy trading in open, transparent, sustainable and liquid wholesale markets, unhindered by national borders or other undue obstacles. We currently represent more than 100 energy trading companies, active in over 28 European countries. For more information, visit our website at www.efet.org
